

YOUNIPLAST

LEBANON

OUR HISTORY:

Youniplast company was established in 1984 at Mkalles, Lebanon by Mr. Elias Younis. It started in hanger production and developed into becoming one of the leading garment hanger manufactures in Lebanon.
To expand its line of production, Youniplast started producing Household products, Furniture and Flower Pots by 2011. One of the main goals of Youniplast is to provide existing and future customers products and services that deliver real value in terms of design, quality and price.
We consistently aim at developing tailored solutions for our clients needs.

ABOUT US:

To always put our clients first, Youniplast is a firm specialized in the production of reliable, consistent, high quality plastic injection mouldings adapted to clients needs and at a very competitive price.
For more than twenty years we have introduced all the improvements requested in the plastic industry to provide our customers with products that suit them best.
The quality and types of our products have been customized according to the market demand and the request of our customers. Notwithstanding the variety available we remain attentive and flexible to supply new models upon your request by designing and manufacturing your personal moulds in-house.
Youniplast past, present and future objective is to remain attentive to meet your various needs at the highest quality possible at the lowest economical price.

WHY CHOOSE US:

- **WE CONSISTENTLY AIM AT DEVELOPING TAILORED SOLUTIONS FOR OUR CLIENTS NEED.**
- **HIGHEST QUALITY POSSIBLE AT THE LOWEST ECONIMICAL PRICE.**
- **VERY COMPETITIVE PRICES.**
